stroyed by fire about noon today.

and the loss will amount to \$3,000.

## Washington Wants U. C. V. Reunion

Former Secretary of Navy Her-  
bert Leaves for Birmingham  
to Invite Veterans.

[Special to The Times-Dispatch.]  
WASHINGTON, May 13.—The capital  
of the reunited nation wants the Con-  
federate veterans, the men who fought  
for the South a half-century ago, to  
hold what may be their last big re-  
union within her boundaries. Colonel  
Hilary A. Herbert, former Secretary of  
the Navy, to-day left for Birmingham,  
carrying with him an invitation from  
the District commissioners, the  
Chamber of Commerce and the Board  
of Trade to the Southern veterans to  
hold their grand encampment in 1917  
in Washington.

The veterans will hold their reunion  
this year at Birmingham.

### NO ARTILLERY CAMP

Adjutant-General Sale Is Notified of  
Change of Plans by War  
Department.

Adjutant-General Sale was notified  
by the War Department yesterday that  
the camp of instruction planned for the  
officers and noncommissioned officers of  
the Field Artillery at Tobyhanna, Pa.,  
will be omitted this year, owing to the  
fact that the Second Battalion, Third  
United States Field Artillery, which  
was to have conducted the camp, has  
been ordered to the Texas border. The  
artillery officers were to have received  
instruction during the period between  
May 1 and June 4. About forty would  
have gone from this State.

Close upon this announcement the  
department also notified General Sale  
that there would be no camps of in-  
struction and joint camps for the bat-  
teries of Field Artillery or for the  
sanitary troops of the militia and the

regular army. It is presumed that the  
Mexican situation makes it impossible  
for the government to spare any Fed-  
eral officers or troops for the usual  
summer encampment, which also would  
have been held at Tobyhanna.

This means that none of the militia  
batteries in the United States will prac-  
tice the arts of war this summer, un-  
less it be done at State expense and  
without the assistance of officers of the  
regular army, who are detailed by the  
department as instructors. The Field  
Artillery batteries would have encamped  
during the periods between August 15  
and 25 and September 5 to 15. The  
outing of the Field Hospital Corps  
would have lasted from July 29 to 30,  
and that of the medical officers from  
June 9 to 19.

These orders, however, do not in any  
way affect the officers' training camp  
to be held at Roanoke from May 29 to  
June 3. This encampment is entirely  
at State expense.

### ORDERS FOR CAMP

Sergeant John C. Weckert Detailed for  
Special Duty at Mountain Park,  
Roanoke.

Orderly Sergeant John C. Weckert,  
of the Quartermaster Corps, Virginia  
Volunteers, whose home is in this city,  
has been detailed for duty with the  
camp quartermaster and infantry and  
Signal Corps officers, who will receive  
a week's training this summer at  
Mountain Park, Roanoke. Though the  
camp of instruction will formally open  
on May 29, Sergeant Weckert has been  
ordered to report at camp headquarters  
not later than May 22.

Orders were also issued yesterday to  
the commanding officers of Companies  
E and L, First Infantry, Lynchburg,  
and Companies E, L and M, Second  
Infantry, stationed, respectively, at  
Roanoke, Pulaski and East Radford, to  
transfer to Camp Quartermaster James  
W. Graves all coats, water buckets, wash  
basins and lanterns issued to the re-  
spective commands as public military  
supplies. Companies E and F will also  
transfer to Major Graves the field

ranges and cooking utensils in their  
possession. All these supplies must  
reach headquarters by May 22.

The War Department has detailed the  
following officers as instructors at the  
camp: Major H. Hunt, Captain A. M.  
Shipp, Captain H. B. Hobbs and First  
Lieutenants N. M. Diller, E. C. Wad-  
dill and J. A. Brockman.

### SITS UP IN HIS COFFIN

"Dead" Man Furnishes a Surprise to  
Mourners Who Are About to  
Bury Him.

[Special to The Times-Dispatch.]  
LYNCHBURG, VA., May 13.—The ne-  
groes of Pamplin were given a dis-  
tinct shock in a graveyard a few days  
ago when they discovered that they  
were about to bury a live man. The  
negro, whose name is not known here,  
had a brother living in Bluefield, and  
the burial was fixed to take place upon  
the arrival of a train. On time the  
funeral party left the house, but when  
it reached the cemetery the brother  
asked for a last look at the body.  
When the casket was opened, the sur-  
prise of those present can better be  
imagined than described. There was a  
wild scramble on the part of many of  
the mourners to absent themselves from  
that immediate vicinity.

The negro had received a severe blow  
on his head and was in a state of coma  
for several days.

### LABOR FORWARD MOVEMENT.

About 500 new members have been  
added to the various labor unions of  
the city during the past week, or since  
the "labor forward movement" of the  
Richmond labor unions started. A  
number of new unions have been formed  
during the week and others will  
probably be formed before the con-  
clusion of the movement. During this  
week all the various unions are to  
hold meetings when new members will  
be taken in.

### SAY JITNEUR SMOKED

L. N. Gauldner Will Be First Person  
to Answer This Complaint in  
Police Court.

Traffic Sergeant Bradley and Police-  
man Samuels yesterday made complaint  
against L. N. Gauldner, a jitney chauff-

eur, charging him with smoking while  
he had passengers in his machine. This  
is the first charge of this nature to  
be brought by the police.

The officers also reported E. W. Ful-  
ler and C. E. Whitlow for racing their  
machines along Hanover Avenue on  
Friday afternoon.

W. T. Tyree was reported by Police-  
man L. N. Clarke on a charge of speed-  
ing a motorcycle through the streets.

### Tag Day Nets \$1,355.84.

The board of directors of the Rich-  
mond Kindergarten Association an-  
nounced yesterday the results of the  
tag day held on May 8 for the benefit  
of the Fulton Mission Kindergarten.  
The campaign was the first that the  
association had ever undertaken for  
this cause, and expressed high satisfac-  
tion at the generous support given it  
by the public. When every box was  
in and counted yesterday the amount  
raised by the tag day was \$1,355.84.

### Banks Aid Their Employees.

The Planners' National Bank has  
made the same recognition as the Na-  
tional State and City and the First  
National Banks of the merits of their  
employees who are students at the  
Virginia Mechanics' Institute. The two  
latter institutions presented their stu-  
dents with checks representing their  
tuition fees at the commencement ex-  
ercises. Checks from the Planners  
were not ready, and have just been  
delivered to the students, Abott L.  
Archer and Wilson N. Brown.

### BICHLORIDE DOSE FATAL

Danville Man Who Swallowed Twenty-  
Nine Grains Lingered for  
Seven Days.

[Special to The Times-Dispatch.]  
DANVILLE, VA., May 13.—After lin-  
gering for almost seven days, William  
Lucas, who swallowed twenty-nine  
grains of bichloride of mercury, died  
last night at the General Hospi-  
tal. He will be buried to-morrow.  
Lucas, who reiterated a desire to  
die during the early part of the week,  
was conscious almost to the end. Last  
night, however, he began to sink into  
a coma, dying in a few hours. One of  
his last requests was that his wedding  
ring, with which he was married to  
his first wife, be placed beside him in  
his coffin.

## Will Verify Statement

Mr. Philip Gelber, 545 Bushwick Ave., Brooklyn, N. Y., will verify  
to any one interested his endorsement of Fruitola and Traxo. In  
writing to the Plinus Laboratories Mr. Gelber says:

"I suffered with gall-stones seven years—tried vari-  
ous remedies without satisfactory result—was induced  
to try Fruitola and Traxo. Glad to say I am now feel-  
ing better than at any time for years and heartily  
recommend Fruitola and Traxo."

Fruitola acts on the intestinal organs as a powerful lubricant—  
softening the congested masses, disintegrating the hardened particles  
that cause so much suffering, and expelling the accumulation with  
almost instant relief. Traxo is a tonic-alternative acting on the liver  
and stomach, and is especially recommended in connection with  
Fruitola to build up and restore the weakened run-down system.

For the convenience of the public, arrangements have been made  
to supply Fruitola and Traxo through representative druggists. In  
Richmond they can be obtained at L. F. Wright Drug Co., Lombard  
and Broad Streets; Frank B. Grubbs' Paragon Pharmacy, 301 West  
Gary Street; Wood's Pharmacy, Twenty-fifth and Leigh Streets;  
Rolland H. Childers, Eighteenth and Franklin Streets; Hood's drug  
store, Twenty-ninth and P Streets, and H. L. Harrison, 3001 Wil-  
liamsburg Avenue.

# —but here it is —the ideal car —at the ideal price

Things that were impossible yester-  
day are today's accomplished facts.

Somewhere in the world someone with  
special knowledge, special experience,  
special equipment, gets ready and then  
startles the world by accomplishing the  
seemingly impossible.

Almost everyone said that a complete  
automobile of beautiful design, fine finish,  
the ideal small, light, economical car, built  
with quality materials and absolutely  
completely equipped, could not be built  
to sell for \$615.

And but for Overland special knowl-  
edge, special experience and special equip-  
ment, it probably would still be one of the  
impossibilities instead of an accomplished  
fact.

Probably no other organization in the  
world can produce the quality and effi-  
ciency equal of this car to sell at anywhere  
near so low a price.

Certain it is that no other organization  
is doing so.

And no other car ever produced seems  
so exactly to suit the requirements of so  
varied a lot of people.

People of wealth, people of modest  
means—

People of long automobile experience—

People who never before owned a car—

All find in the small, light \$615 Over-  
land their ideal car.

It has the beauty, comforts, conveni-  
ences, power and complete equipment  
which everyone wants.

Yet it is inexpensive to buy and eco-  
nomical to operate.

See the Overland dealer and get ac-  
quainted with this car.

But act now, as this car stands alone  
and the rush to own them is amazing—  
delayed action is almost sure to mean a  
long wait for delivery.

necessary, while in the Sanitarium, and not ask one cent of com-  
pensation for treatment, board or service until the patient is cured  
of the addiction and ready to return home. When the patient leaves  
the Sanitarium he will know that he is cured, and have no craving
